

Jovanka je profesor engleskog jezika u OŠ „Kosta Trifković“, mama jednoj devojčici i jednom dečaku, zaljubljenik za DIY i, od nedavno, pasionirani biciklista. Ne voli da kuva. Voli more, kafu, umetnost i fitness. Inspiraciju i životnu energiju pronalazi u lepim predelima, zanimljivim ljudima, neobičnim stilovima života, nesvakidašnjim iskustvima... Trudi se da kroz život korača širom otvorenih očiju. Veruje da je najvrednije znanje ono koje se gradi iz strasti, neprekidno i svuda. Upravo zato je poželela da postane deo tima KA2 Erasmus+ projekta „Žive knjige u školama“.

Jovanka works as an English teacher in *Kosta Trifkovic* Primary School, she is a mother to a girl and a boy, a DIY enthusiast and, since recently, a passionate cyclist. Cooking is not her thing. She loves the sea, coffee, art and fitness. What inspires her and provides her with life energy are beautiful places, interesting people, unconventional lifestyles, unusual experiences ... She walks through life with her eyes wide open. She believes that the most valuable knowledge is the one built out of passion, at all times and at all places. That is why she wished to join KA2 Erasmus + *Living Books in Schools* project team .
